

Dear POC Team,

I hope this email finds you well.

I have attempted to reach you by phone over the past few days but have been unsuccessful in connecting. Therefore, I wanted to take this opportunity to introduce myself and share how IRIS Carbon can significantly enhance ENI Group's regulatory reporting processes.

IRIS Carbon is a leading SaaS platform specializing in XBRL and iXBRL reporting. We offer comprehensive solutions that streamline compliance with regulatory mandates such as ESEF, SEC, and ESG, ensuring accuracy, efficiency, and cost-effectiveness.

I understand that ENI Group faces considerable challenges in managing complex and evolving regulatory requirements. Our platform addresses these challenges by providing:

- **User-Friendly Interface:** Simplifies report creation, management, and review.
- **Comprehensive Reporting Capabilities:** Supports multiple output formats, including PDF, HTML, Word, XBRL, and iXBRL.
- **Robust Support and Security:** Offers unlimited expert support and ensures high data security with SOC 1, SOC 2, ISAE 3000 & 3402 certifications.
- **Future-Proof Compliance:** Adapts to current and upcoming regulatory mandates, including SASB taxonomy for ESG reporting.

Customized Solutions for ENI Group:

- **Tailored Training and Support:** Customized training sessions to enhance user familiarity and smooth adoption.
- **Dedicated Account Management:** Personalized assistance and continuous improvement.
- **Integration with Existing Systems:** Seamless integration with ENI's current systems to streamline data flow and reporting processes.

With IRIS Carbon, ENI Group can expect up to a 30% reduction in reporting time, 99% accuracy in generated reports, and a 20% decrease in compliance costs. Our platform's flexibility ensures long-term compliance with evolving regulatory standards.

I would love the opportunity to discuss this further and demonstrate how IRIS Carbon can benefit ENI Group. Could we schedule a meeting or a demo session at your earliest convenience? Your feedback and insights would be invaluable in tailoring our solution to meet your specific needs.

Thank you for considering this opportunity. I look forward to your response and the possibility of working together to enhance ENI Group's compliance reporting.

Best regards,

Abtsega Tesfaye
